Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Queen's Printer and Publisher for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Department of Lands and Forests whether or not the land or any part can be purchased or leased from the Department. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

AGREEMENT made as of the 8th day of March, 1971.

BETWEEN:

hereinafter referred to as "the Operator",

— and —

THE CORPORATION OF THE TOWN OF BURLINGTON,

hereinafter referred to as "the Town",

WHEREAS the Operator has the right to operate and maintain a bus service in the Town of Burlington pursuant to *The Town of Burlington Act*, S.O. 1965, c. 145;

AND WHEREAS the Town desires the Operator to expand the bus service he now provides in the Town pursuant to the said Act;

AND WHEREAS the Town has offered to provide a subsidy to the Operator to assist him in providing such expanded service;

AND WHEREAS the Operator is prepared to provide such expanded service.

NOW THEREFORE THIS INDENTURE WITNESSETH

that in consideration of the premises and mutual covenants herein contained, the parties hereto covenant and agree as follows:

1. When and if this Agreement is ratified and confirmed and takes effect the parties hereto release one another from the Agreement of December 31st, 1964, as ratified by *The Town of Burlington Act, 1965*.

2.—(a) The Town grants to the Operator an exclusive right, power and privilege, subject to the restrictions, covenants, conditions and provisos herein contained, to operate public vehicles for the transportation for compensation of passengers or passengers and express freight which might be carried in a passenger vehicle, to, over and along each and any of the streets, avenues or highways presently or as they may hereafter exist within the corporate limits of the Town of Burlington;

(b) The operation of such public vehicles shall be hereinafter referred to as the "bus service".

3.—(a) Nothing in this Agreement shall derogate from any of the rights, powers and privileges as of the 1st day of January, 1958, existing or vested on that date in any other operator respecting,

- (i) the operation of motor vehicles as public vehicles within the meaning of *The Public Vehicles Act* of Ontario within or through the Town of Burlington determined according to operating licences held by such other operator issued pursuant to *The Public Vehicles Act*, or
- (ii) the right of any such other operator to take on passengers and their baggage, or express freight, within the limits of the Town of Burlington, as such limits may from time to time exist, and discharge such passengers, baggage or express freight within such limits of the Town of Burlington;

(b) The said operators are,

- (i) Gray Coach Lines Ltd.,
- (ii) Hamilton Street Railway Co., and
- (iii) Canada Coach Lines Limited;

(c) The routes over which the public vehicles referred to in subsection (a) may operate are the routes over which they are presently operating or such routes as may be designated by Council with the consent of the Operator in accordance with Section 8(3) of *The Public Vehicles Act*.

4.—(a) This Agreement shall expire on the 31st day of December, 1974;

(b) Subject to Section 26 the provisions of this Agreement shall come into force and effect as of the 16th day of November, 1970;

(c) this Agreement may be terminated by the Town, upon three months notice in writing, if the Operator fails to comply with or perform any of the conditions or obligations contained herein, except those provided in Section 11;

(d) this Agreement may be terminated by the Town, upon ten days notice in writing, if the Operator fails to comply with or perform any other conditions or obligations contained in Section 11.

5.—(a) The Operator shall have available six Blue Bird buses or the equivalent to operate on the routes established herein;

(b) The buses to be used in the bus service shall be painted blue and white and shall be identified as BURLINGTON TRANSIT;

(c) The Operator shall provide and maintain sufficient reserve equipment to provide continuity of service in the event of an accident or mechanical break-down of equipment and to provide for normal maintenance. In the event of an accident or mechanical break-down, the Operator may use buses of a design other than as set out in subsections (a) and (b) with the approval of the Director of Public Works.

6. The Operator shall keep the buses required for the bus service in a proper state of repair and in safe working condition, clean and sanitary, properly lighted and adequately heated.

7. The Operator shall have fully qualified and licenced drivers, who shall wear proper uniforms and conduct themselves in a safe and courteous manner and who shall, at all times, treat passengers with polite care and attention.

8.—(a) Save as herein expressly mentioned, the Operator agrees to provide a bus service in the Town in accordance with the routes and time schedules set out in Appendix "A" to this Agreement;

(b) The Town may at any time and from time to time by seven days notice in writing to the Operator alter any of the routes or time schedules provided for herein either temporarily or permanently provided that in so doing should the Town materially increase the number of route miles or number of scheduled trips provided for and mentioned in the said Appendix "A", it will pay the Operator an additional subsidy which such additional subsidy shall be calculated and paid by ascertaining the relation that the subsidy of \$2,750.00 per month provided for herein bears to the number of route miles and scheduled trips provided for in Schedule "A" hereto and applying the same to the number of additional route miles or scheduled trips required by the Town pursuant to notice given to the Operator under this paragraph; provided that should new vehicular equipment be required to provide the additional service mentioned herein, the Town's notice shall be treated as a notice under Section 17 hereof;

(c) All times referred to in the said time schedules shall be the times commonly observed in the Town of Burlington, be it standard time or daylight saving time;

(d) The Operator shall adhere to the times set out in the time schedules herein or subsequently established with a time tolerance of three minutes before and five minutes after the time schedules, extraordinary weather or traffic conditions and incidents of force majeure excepted;

(e) The Operator shall affix a sign to each bus employed by him in providing the bus service designating the route each bus is scheduled to cover;

(f) Within one month after this Agreement takes effect the Operator will publish and have available maps indicating the routes and time schedules of the bus service herein provided for which such maps shall also include a telephone number for the use of the public in seeking information.

9.—(a) The Operator shall allow a duly authorized representative of the Town the right to inspect, at all reasonable times, the buses used by the Operator, provided that such inspection does not unreasonably interfere with the operation of the bus service;

(b) The said representative shall be allowed to ride the buses free of charge when making the inspection;

10.—(a) The Operator agrees to charge the rates for cash fares and bus tickets in the schedule of rates set out in Appendix "B" hereto during the term hereof. All fares collected shall be the property of the Operator;

(b) The Operator agrees not to carry any passenger in respect of whom the full fare has not been paid except as authorized in writing by the Town;

(c) When and if the routing of the bus service as provided herein makes transfers from route to route within the Town feasible, the Town may, on thirty days notice to the Operator require the Operator to give passengers, free of charge, upon request, a transfer slip from one bus to another bus and to accept such transfer slip in lieu of a fare at a transfer point if the passenger tendering the transfer slip is in the course of a continuous trip. For the purpose of this clause, transfer point means those points designated by the Town by by-law and a trip will be deemed continuous if the transfer slip is tendered by the passenger to the operator of the bus to which he transfers within such time as the Town and the Operator may agree;

Provided that should the Town require the issuance of transfer slips as herein provided, the Town will bear the cost of printing and delivering transfer slips to the Operator for use hereunder;

(d) The Operator shall equip each bus with a fare box of a design suitable to the Director of Public Works;

(e) The Operator shall require all passengers to deposit fares directly into the fare box and prohibit the bus driver from depositing a fare on behalf of any passenger.

11. The Operator shall indemnify and save harmless the Town from and against all liability of whatsoever kind or nature which may arise out of the obligations of the Operator under this Agreement and the Operator agrees that he will, during the currency of this Agreement, carry public liability and property damage insurance in the amount of \$1,000,000.00 and up to \$150,000.00 for any one claimant and shall file, with the Town, a certified copy of such insurance policy not later than the 16th day of November in each and every year, provided that such policy shall be non-cancellable except upon thirty days written notice to the Town by the insurer.

12.—(a) The Operator shall provide the Town with six reports per year, certified by the Operator's manager, covering one week each. These reports shall indicate the revenues per route. The six weekly periods shall be specified by the Director of Public Works;

(b) These reports shall be in a form satisfactory to the Director of Public Works.

13. The Operator agrees to assume and promptly pay and discharge all costs and expenses in connection with the bus service and, without limiting the generality of the foregoing, the Operator shall pay and discharge the following costs and expenses:

- (i) The cost of providing buses required by this Agreement, together with the cost of providing such stand-by and replacement buses as may be required pursuant to this Agreement;
- (ii) The cost of keeping and operating all the buses required for the bus service in a fit and proper state of repair at all times;
- (iii) All salaries, wages and benefits of officers and employees required for the operation of the bus service;
- (iv) The cost of providing the insurance required by this Agreement;
- (v) The cost of all advertising and the printing of route maps, time schedules, except at bus stops, and tickets, provided that in the event of any permanent alteration in routes or time schedules at the instance of the Town, the Town will publish and advertise the new route maps and time schedules;

- (vi) All federal, provincial and municipal taxes, as well as licence fees applicable to the operation of the bus service;
- (vii) All other costs or expenses usually associated with the operation of a bus service.

14.—(a) The Town shall, from time to time, designate certain areas upon any route in the bus service as bus stops for the use of the Operator to pick up and discharge passengers;

(b) The use of such bus stops shall not be exclusive where any other operator, as mentioned in Section 3, uses the same route;

(c) The Town shall bear the cost of establishing and maintaining the said areas designated for bus stops and signs;

(d) The Town shall enact the necessary by-law to prohibit the parking of vehicles at or the obstructing of any bus stops;

(e) The Town agrees to take reasonable steps and measures to adequately control and regulate the flow of traffic on routes used by the Operator, in order that the buses of the Operator may proceed along such routes with a minimum of delay.

15. The Operator agrees that he will not operate any regularly scheduled bus service for the use of the public without the prior approval of the Town.

16.—(a) The Town agrees to pay the Operator the sum of \$2,750.00 a month as a subsidy for the improved bus service provided for by this Agreement;

(b) Subject to paragraph (c), the Town shall make these payments on a monthly basis on the 15th day of the month following the month in respect of which the service was performed;

(c) No payments shall be made under this Section until such time as this Agreement is ratified pursuant to Section 25 herein and all payments falling due before such ratification shall be payable forthwith thereafter.

17.—(a) The Town, by thirty days written notice, to be served upon the Operator, may, from time to time, require the Operator to provide additional bus service on an experimental basis for a period of three months;

(b) The Operator agrees that he will provide such bus service commencing on a date to be specified in the said notice;

(c) The Town shall pay the Operator a monthly rate of \$500.00 per bus for this experimental service to be paid in the manner as provided in Section 16(b);

(d) The rate to be charged on any experimental service shall be the rate charged on the regular bus service;

(e) The experimental bus service shall be operated eight hours per day, six days a week, Monday to Saturday, both inclusive, excepting all Statutory Holidays;

(f) During the period of the operation of the experimental bus service, the Operator shall provide the Town with a monthly statement in a form satisfactory to the Director of Public Works indicating the number of passengers and the fares collected on each experimental bus service;

(g) Any fares collected on an experimental route shall belong to the Operator;

(h) At the end of the three month period, the experimental bus service shall be terminated unless extended from month to month by the Town;

(i) In the event the Town should decide that the demand for the experimental bus service warrants that it should be continued after the expiration of the period of the experimental bus service the Town shall have the right to require the Operator to continue the experimental bus service on a permanent basis. Written notice of such continuation shall be served on the Operator not less than fifteen days prior to the expiration of the period of the experimental bus service;

(j) If the Town requires the Operator to continue any such experimental bus service on a permanent basis, it shall pay a subsidy for such bus service in an amount to be negotiated by the parties hereto and pending agreement thereon at the rate of \$500.00 per month;

(k) Upon being served with any notice as set out in this Section, the Operator agrees to comply with the provisions thereof;

(l) The Operator shall have the right to use buses of a different type and capacity than those used on the permanent routes established by this Agreement, but if the experimental bus service is continued on a permanent basis, the Operator agrees to obtain delivery of, at the earliest possible date and use on such routes, buses similar to those defined in Section 5 of this Agreement.

18. The Town covenants and agrees that it will not permit any other operator, subject to the provisions of Section 3 hereof, to operate a bus service for the use of the public, within the corporate limits of the Town of Burlington, except any bus service operated by the Government of the Province of Ontario over which the Town has no control and will pass such by-laws and do all such acts and things as are necessary for the due performance of this Agreement, according to its true intent and meaning.

19. During the currency of this Agreement, the Operator shall not have the right to sell, mortgage, transfer, assign or dispose of any of the rights, powers and privileges herein conferred, without the

written consent of the Town, duly authorized by by-law in that behalf, which such consent shall not be unreasonably withheld.

20. The Town shall have the right at its option to purchase from the Operator at any time during the currency hereof the rights, powers and privileges herein conferred on him at such price as may mutually be agreed upon. It is understood and agreed that if at such time the Operator should wish to dispose of all or any of the buses employed by him in providing the bus service to the Town that the Town will in addition purchase such buses from the Operator.

21. The Operator shall not be in default on any covenants contained herein for failure or partial failure to operate, if such failure or partial failure is the result of fire, act of God, strike or other cause beyond the control of the Operator. In the event of such an occurrence, or the failure or partial failure to operate for any other reason, the Town shall not be liable to pay the Operator the equivalent portion of any of the payments which are or may be required under Sections 8(b) and 17 of this Agreement, pro-rated according to the extent of such failure.

22. If at any time during or after the said term of the Agreement any dispute, difference or question shall arise between the parties hereto, or any of their representatives, touching this Agreement or any part thereof, or the construction, or effect of this Agreement or any part thereof, or anything herein contained for the rights or liabilities of the parties or their representatives under this Agreement or otherwise, in relation to the premises including any dispute arising as to the sum to be paid by the Town under Section 20 hereof and if said matter cannot be settled by the parties hereto by negotiation, then every such dispute, difference or question shall be referred to a single arbitrator, if the parties agree upon one, otherwise, to three arbitrators, one to be appointed by each party to the reference and the third arbitrator to be appointed by the said nominees before they enter upon the business of the reference. If either party shall refuse or neglect to appoint an arbitrator within thirty days after the other party shall have appointed an arbitrator and shall have served written notice on the first-mentioned party requiring such party to make such appointment, then the arbitrator first appointed shall, at the request of the party appointing him, proceed to hear and determine the matter in difference as if he were a single arbitrator appointed by both parties for the purpose and the word or determination which shall be made by the said arbitrator shall be final and binding on the parties hereto, their successors and assigns.

23.—(a) Any notice required to be given or served on the Operator under any of the provisions of this Agreement shall be deemed to be properly given or served if it is personally served or mailed by prepaid registered post addressed to the Operator at 5401 Dundas Street, Burlington, Ontario and service upon the Operator shall be deemed to be effective on the date after mailing of the notice as aforesaid;

(b) Any notice required to be given or served on the Town under any of the provisions of this Agreement shall be deemed to be properly given or served if it is personally served or mailed by prepaid registered post addressed to the Clerk of the Town, Box 5013, Burlington, Ontario and service upon the Town shall be deemed to be effective on the date after mailing of the notice as aforesaid.

24. This Agreement shall not take effect unless and until confirmed and ratified by the Legislative Assembly of the Province of Ontario but, if so confirmed and ratified, the provisions hereof shall have effect from November 16th, 1970.

25. Subject as hereinbefore provided, this Agreement shall enure to the benefit of and be binding upon the parties hereto, their heirs, executors, administrators, successors and assigns.

IN WITNESS WHEREOF the Operator has hereunto set his hand and seal and the Corporation has hereunto caused its corporate seal to be attested by its proper officers in that behalf.

AND WHEREAS the Operator is prepared to provide such expanded service.

NOW THEREFORE THIS INDENTURE WITNESETH

that in consideration of the premises and mutual covenants herein contained, the parties hereto covenant and agree as follows:

1. When and if this Agreement is ratified and confirmed and takes effect the parties hereto release one another from the Agreement of December 31st, 1964, as ratified by *The Town of Burlington Act*, 1965.

2.—(a) The Town grants to the Operator an exclusive right, power and privilege, subject to the restrictions, covenants, conditions and provisos herein contained, to operate public vehicles for the transportation for compensation of passengers or passengers and express freight which might be carried in a passenger vehicle, to, over and along each and any of the streets, avenues or highways presently or as they may hereafter exist within the corporate limits of the Town of Burlington;

(b) The said operators are,

(i) Gray Coach Lines Ltd.,

(ii) Hamilton Street Railway Co., and

(iii) Canada Coach Lines Limited;

(c) The routes over which the public vehicles referred to in subsection (a) may operate are the routes over which they are presently operating or such routes as may be designated by Council with the consent of the Operator in accordance with Section 8(3) of *The Public Vehicles Act*.

4.—(a) This Agreement shall expire on the 31st day of December, 1974;

(b) Subject to Section 26 the provisions of this Agreement shall come into force and effect as of the 16th day of November, 1970;

(c) this Agreement may be terminated by the Town, upon three months notice in writing, if the Operator fails to comply with or perform any of the conditions or obligations contained herein, except those provided in Section 11;

(d) this Agreement may be terminated by the Town, upon ten days notice in writing, if the Operator fails to comply with or perform any other conditions or obligations contained in Section 11.

5.—(a) The Operator shall have available six Blue Bird buses or the equivalent to operate on the routes established herein;

(b) The buses to be used in the bus service shall be painted blue and white and shall be identified as BURLINGTON TRANSIT;

(c) The Operator shall provide and maintain sufficient reserve equipment to provide continuity of service in the event of an accident or mechanical break-down of equipment and to provide for normal maintenance. In the event of an accident or mechanical break-down, the Operator may use buses of a design other than as set out in sub-sections (a) and (b) with the approval of the Director of Public Works.

6. The Operator shall keep the buses required for the bus service in a proper state of repair and in safe working condition, clean and sanitary, properly lighted and adequately heated.

7. The Operator shall have fully qualified and licenced drivers, who shall wear proper uniforms and conduct themselves in a safe and courteous manner and who shall, at all times, treat passengers with polite care and attention.

8.—(a) Save as herein expressly mentioned, the Operator agrees to provide a bus service in the Town in accordance with the routes and time schedules set out in Appendix "A" to this Agreement;

(b) The Town may at any time and from time to time by seven days notice in writing to the Operator alter any of the routes or time schedules provided for herein either temporarily or permanently provided that in so doing should the Town materially increase the number of route miles or number of scheduled trips provided for and mentioned in the said Appendix "A", it will pay the Operator an additional subsidy which such additional subsidy shall be calculated and paid by ascertaining the relation that the subsidy of \$2,750.00 per month provided for herein bears to the number of route miles and scheduled trips provided for in Schedule "A" hereto and applying the same to the number of additional route miles or scheduled trips required by the Town pursuant to notice given to the Operator under this paragraph; provided that should new vehicular equipment be required to provide the additional service mentioned herein, the Town's notice shall be treated as a notice under Section 17 hereof;

9.—(a) The Operator shall allow a duly authorized representative of the Town the right to inspect, at all reasonable times, the buses used by the Operator, provided that such inspection does not unreasonably interfere with the operation of the bus service;

(b) The said representative shall be allowed to ride the buses free of charge when making the inspection;

10.—(a) The Operator agrees to charge the rates for cash fares and bus tickets in the schedule of rates set out in Appendix "B" hereto during the term hereof. All fares collected shall be the property of the Operator;

(b) The Operator agrees not to carry any passenger in respect of whom the full fare has not been paid except as authorized in writing by the Town;

(c) When and if the routing of the bus service as provided herein makes transfers from route to route within the Town feasible, the Town may, on thirty days notice to the Operator require the Operator to give passengers, free of charge, upon request, a transfer slip from one bus to another bus and to accept such transfer slip in lieu of a fare at a transfer point if the passenger tendering the transfer slip is in the course of a continuous trip. For the purpose of this clause, transfer point means those points designated by the Town by by-law and a trip will be deemed continuous if the transfer slip is tendered by the passenger to the operator of the bus to which he transfers within such time as the Town and the Operator may agree;

Provided that should the Town require the issuance of transfer slips as herein provided, the Town will bear the cost of printing and delivering transfer slips to the Operator for use hereunder;

(d) The Operator shall equip each bus with a fare box of a design suitable to the Director of Public Works;

(e) The Operator shall require all passengers to deposit fares directly into the fare box and prohibit the bus driver from depositing a fare on behalf of any passenger.

11. The Operator shall indemnify and save harmless the Town from and against all liability of whatsoever kind or nature which may arise out of the obligations of the Operator under this Agreement and the Operator agrees that he will, during the currency of this Agreement, carry public liability and property damage insurance in the amount of \$1,000,000.00 and up to \$150,000.00 for any one claimant and shall file, with the Town, a certified copy of such insurance policy not later than the 16th day of November in each and every year, provided that such policy shall be non-cancellable except upon thirty days written notice to the Town by the insurer.

12.—(a) The Operator shall provide the Town with six reports per year, certified by the Operator's manager, covering one week each. These reports shall indicate the revenues per route. The six weekly periods shall be specified by the Director of Public Works;

13. The Operator agrees to assume and promptly pay and discharge all costs and expenses in connection with the bus service and, without limiting the generality of the foregoing, the Operator shall pay and discharge the following costs and expenses:

- (i) The cost of providing buses required by this Agreement, together with the cost of providing such stand-by and replacement buses as may be required pursuant to this Agreement;
- (ii) The cost of keeping and operating all the buses required for the bus service in a fit and proper state of repair at all times;
- (iii) All salaries, wages and benefits of officers and employees required for the operation of the bus service;
- (iv) The cost of providing the insurance required by this Agreement;
- (v) The cost of all advertising and the printing of route maps, time schedules, except at bus stops, and tickets, provided that in the event of any permanent alteration in routes or time schedules at the instance of the Town, the Town will publish and advertise the new route maps and time schedules;

(vi) All federal, provincial and municipal taxes, as well as licence fees applicable to the operation of the bus service;

(vii) All other costs or expenses usually associated with the operation of a bus service.

14.—(a) The Town shall, from time to time, designate certain areas upon any route in the bus service as bus stops for the use of the Operator to pick up and discharge passengers;

(b) The use of such bus stops shall not be exclusive where any other operator, as mentioned in Section 3, uses the same route;

(c) The Town shall bear the cost of establishing and maintaining the said areas designated for bus stops and signs;

(d) The Town shall enact the necessary by-law to prohibit the parking of vehicles at or the obstructing of any bus stops;

(e) The Town agrees to take reasonable steps and measures to adequately control and regulate the flow of traffic on routes used by the Operator, in order that the buses of the Operator may proceed along such routes with a minimum of delay.

15. The Operator agrees that he will not operate any regularly scheduled bus service for the use of the public without the prior approval of the Town.

16.—(a) The Town agrees to pay the Operator the sum of \$2,750.00 a month as a subsidy for the improved bus service provided for by this Agreement;

(b) Subject to paragraph (c), the Town shall make these payments on a monthly basis on the 15th day of the month following the month in respect of which the service was performed;

(c) No payments shall be made under this Section until such time as this Agreement is ratified pursuant to Section 25 herein and all payments falling due before such ratification shall be payable forthwith thereafter.

17.—(a) The Town, by thirty days written notice, to be served upon the Operator, may, from time to time, require the Operator to provide additional bus service on an experimental basis for a period of three months;

(b) The Operator agrees that he will provide such bus service commencing on a date to be specified in the said notice;

(c) The Town shall pay the Operator a monthly rate of \$500.00 per bus for this experimental service to be paid in the manner as provided in Section 16(b);

(e) The experimental bus service shall be operated eight hours per day, six days a week, Monday to Saturday, both inclusive, excepting all Statutory Holidays;

(f) During the period of the operation of the experimental bus service, the Operator shall provide the Town with a monthly statement in a form satisfactory to the Director of Public Works indicating the number of passengers and the fares collected on each experimental bus service;

(g) Any fares collected on an experimental route shall belong to the Operator;

(h) At the end of the three month period, the experimental bus service shall be terminated unless extended from month to month by the Town;

(i) In the event the Town should decide that the demand for the experimental bus service warrants that it should be continued after the expiration of the period of the experimental bus service the Town shall have the right to require the Operator to continue the experimental bus service on a permanent basis. Written notice of such continuation shall be served on the Operator not less than fifteen days prior to the expiration of the period of the experimental bus service;

(j) If the Town requires the Operator to continue any such experimental bus service on a permanent basis, it shall pay a subsidy for such bus service in an amount to be negotiated by the parties hereto and pending agreement thereon at the rate of \$500.00 per month;

(k) Upon being served with any notice as set out in this Section, the Operator agrees to comply with the provisions thereof;

(l) The Operator shall have the right to use buses of a different type and capacity than those used on the permanent routes established by this Agreement, but if the experimental bus service is continued on a permanent basis, the Operator agrees to obtain delivery of, at the earliest possible date and use on such routes, buses similar to those defined in Section 5 of this Agreement.

18. The Town covenants and agrees that it will not permit any other operator, subject to the provisions of Section 3 hereof, to operate a bus service for the use of the public, within the corporate limits of the Town of Burlington, except any bus service operated by the Government of the Province of Ontario over which the Town has no control and will pass such by-laws and do all such acts and things as are necessary for the due performance of this Agreement, according to its true intent and meaning.

19. During the currency of this Agreement, the Operator shall not have the right to sell, mortgage, transfer, assign or dispose of any of the rights, powers and privileges herein conferred, without the

written consent of the Town, duly authorized by by-law in that behalf, which such consent shall not be unreasonably withheld.

20. The Town shall have the right at its option to purchase from the Operator at any time during the currency hereof the rights, powers and privileges herein conferred on him at such price as may mutually be agreed upon. It is understood and agreed that if at such time the Operator should wish to dispose of all or any of the buses employed by him in providing the bus service to the Town that the Town will in addition purchase such buses from the Operator.

21. The Operator shall not be in default on any covenants contained herein for failure or partial failure to operate, if such failure or partial failure is the result of fire, act of God, strike or other cause beyond the control of the Operator. In the event of such an occurrence, or the failure or partial failure to operate for any other reason, the Town shall not be liable to pay the Operator the equivalent portion of any of the payments which are or may be required under Sections 8(b) and 17 of this Agreement, pro-rated according to the extent of such failure.

22. If at any time during or after the said term of the Agreement any dispute, difference or question shall arise between the parties hereto, or any of their representatives, touching this Agreement or any part thereof, or the construction, or effect of this Agreement or any part thereof, or anything herein contained for the rights or liabilities of the parties or their representatives under this Agreement or otherwise, in relation to the premises including any dispute arising as to the sum to be paid by the Town under Section 20 hereof and if said matter cannot be settled by the parties hereto by negotiation, then every such dispute, difference or question shall be referred to a single arbitrator, if the parties agree upon one, otherwise, to three arbitrators, one to be appointed by each party to the reference and the third arbitrator to be appointed by the said nominees before they enter upon the business of the reference. AND WHEREAS the Operator is prepared to provide such expanded service.

NOW THEREFORE THIS INDENTURE WITNESSETH

that in consideration of the premises and mutual covenants herein contained, the parties hereto covenant and agree as follows:

1. When and if this Agreement is ratified and confirmed and takes effect the parties hereto release one another from the Agreement of December 31st, 1964, as ratified by *The Town of Burlington Act, 1965*.

2.—(a) The Town grants to the Operator an exclusive right, power and privilege, subject to the restrictions, covenants, conditions and provisos herein contained, to operate public vehicles for the transportation for compensation of passengers or passengers and express freight which might be carried in a passenger vehicle, to, over and along each and any of the streets, avenues or highways presently or as they may hereafter exist within the corporate limits of the Town of Burlington;

(b) The operation of such public vehicles shall be hereinafter referred to as the "bus service".

- (ii) the right of any such other operator to take on passengers and their baggage, or express freight, within the limits of the Town of Burlington, as such limits may from time to time exist, and discharge such passengers, baggage or express freight within such limits of the Town of Burlington;

(b) The said operators are,

- (i) Gray Coach Lines Ltd.,
- (ii) Hamilton Street Railway Co., and
- (iii) Canada Coach Lines Limited;

(c) The routes over which the public vehicles referred to in subsection (a) may operate are the routes over which they are presently operating or such routes as may be designated by Council with the consent of the Operator in accordance with Section 8(3) of *The Public Vehicles Act*.

4.—(a) This Agreement shall expire on the 31st day of December, 1974;

(b) Subject to Section 26 the provisions of this Agreement shall come into force and effect as of the 16th day of November, 1970;

(c) this Agreement may be terminated by the Town, upon three months notice in writing, if the Operator fails to comply with or perform any of the conditions or obligations contained herein, except those provided in Section 11;

(d) this Agreement may be terminated by the Town, upon ten days notice in writing, if the Operator fails to comply with or perform any other conditions or obligations contained in Section 11.

5.—(a) The Operator shall have available six Blue Bird buses or the equivalent to operate on the routes established herein;

(b) The buses to be used in the bus service shall be painted blue and white and shall be identified as BURLINGTON TRANSIT;

(c) The Operator shall provide and maintain sufficient reserve equipment to provide continuity of service in the event of an accident or mechanical break-down of equipment and to provide for normal maintenance. In the event of an accident or mechanical break-down, the Operator may use buses of a design other than as set out in subsections (a) and (b) with the approval of the Director of Public Works.

6. The Operator shall keep the buses required for the bus service in a proper state of repair and in safe working condition, clean and sanitary, properly lighted and adequately heated.

7. The Operator shall have fully qualified and licenced drivers, who shall wear proper uniforms and conduct themselves in a safe and courteous manner and who shall, at all times, treat passengers with polite care and attention.

8.—(a) Save as herein expressly mentioned, the Operator agrees to provide a bus service in the Town in accordance with the routes and time schedules set out in Appendix "A" to this Agreement;

(b) The Town may at any time and from time to time by seven days notice in writing to the Operator alter any of the routes or time schedules provided for herein either temporarily or permanently provided that in so doing should the Town materially increase the number of route miles or number of scheduled trips provided for and mentioned in the said Appendix "A", it will pay the Operator an additional subsidy which such additional subsidy shall be calculated and paid by ascertaining the relation that the subsidy of \$2,750.00 per month provided for herein bears to the number of route miles and scheduled trips provided for in Schedule "A" hereto and applying the same to the number of additional route miles or scheduled trips required by the Town pursuant to notice given to the Operator under this paragraph; provided that should new vehicular equipment be required to provide the additional service mentioned herein, the Town's notice shall be treated as a notice under Section 17 hereof;

(c) All times referred to in the said time schedules shall be the times commonly observed in the Town of Burlington, be it standard time or daylight saving time;

(f) Within one month after this Agreement takes effect the Operator will publish and have available maps indicating the routes and time schedules of the bus service herein provided for which such maps shall also include a telephone number for the use of the public in seeking information.

9.—(a) The Operator shall allow a duly authorized representative of the Town the right to inspect, at all reasonable times, the buses used by the Operator, provided that such inspection does not unreasonably interfere with the operation of the bus service;

(b) The said representative shall be allowed to ride the buses free of charge when making the inspection;

10.—(a) The Operator agrees to charge the rates for cash fares and bus tickets in the schedule of rates set out in Appendix "B" hereto during the term hereof. All fares collected shall be the property of the Operator;

(b) The Operator agrees not to carry any passenger in respect of whom the full fare has not been paid except as authorized in writing by the Town;

(c) When and if the routing of the bus service as provided herein makes transfers from route to route within the Town feasible, the Town may, on thirty days notice to the Operator require the Operator to give passengers, free of charge, upon request, a transfer slip from one bus to another bus and to accept such transfer slip in lieu of a fare at a transfer point if the passenger tendering the transfer slip is in the course of a continuous trip. For the purpose of this clause, transfer point means those points designated by the Town by by-law and a trip will be deemed continuous if the transfer slip is tendered by the passenger to the operator of the bus to which he transfers within such time as the Town and the Operator may agree;

Provided that should the Town require the issuance of transfer slips as herein provided, the Town will bear the cost of printing and delivering transfer slips to the Operator for use hereunder;

(d) The Operator shall equip each bus with a fare box of a design suitable to the Director of Public Works;

(e) The Operator shall require all passengers to deposit fares directly into the fare box and prohibit the bus driver from depositing a fare on behalf of any passenger.

11. The Operator shall indemnify and save harmless the Town from and against all liability of whatsoever kind or nature which may arise out of the obligations of the Operator under this Agreement and the Operator agrees that he will, during the currency of this Agreement, carry public liability and property damage insurance in the amount of \$1,000,000.00 and up to \$150,000.00 for any one claimant and shall file, with the Town, a certified copy of such insurance policy not later than the 16th day of November in each and every year, provided that such policy shall be non-cancellable except upon thirty days written notice to the Town by the insurer.

12.—(a) The Operator shall provide the Town with six reports per year, certified by the Operator's manager, covering one week each. These reports shall indicate the revenues per route. The six weekly periods shall be specified by the Director of Public Works;

(b) These reports shall be in a form satisfactory to the Director of Public Works.

13. The Operator agrees to assume and promptly pay and discharge all costs and expenses in connection with the bus service and, without limiting the generality of the foregoing, the Operator shall pay and discharge the following costs and expenses:

- (i) The cost of providing buses required by this Agreement, together with the cost of providing such stand-by and replacement buses as may be required pursuant to this Agreement;
- (ii) The cost of keeping and operating all the buses required for the bus service in a fit and proper state of repair at all times;
- (iii) All salaries, wages and benefits of officers and employees required for the operation of the bus service;
- (iv) The cost of providing the insurance required by this Agreement;
- (v) The cost of all advertising and the printing of route maps, time schedules, except at bus stops, and tickets, provided that in the event of any permanent alteration in routes or time schedules at the instance of the Town, the Town will publish and advertise the new route maps and time schedules;

- (vi) All federal, provincial and municipal taxes, as well as licence fees applicable to the operation of the bus service;
- (vii) All other costs or expenses usually associated with the operation of a bus service.

14.—(a) The Town shall, from time to time, designate certain areas upon any route in the bus service as bus stops for the use of the Operator to pick up and discharge passengers;

(b) The use of such bus stops shall not be exclusive where any other operator, as mentioned in Section 3, uses the same route;

(c) The Town shall bear the cost of establishing and maintaining the said areas designated for bus stops and signs;

(d) The Town shall enact the necessary by-law to prohibit the parking of vehicles at or the obstructing of any bus stops;

(e) The Town agrees to take reasonable steps and measures to adequately control and regulate the flow of traffic on routes used by the Operator, in order that the buses of the Operator may proceed along such routes with a minimum of delay.

15. The Operator agrees that he will not operate any regularly scheduled bus service for the use of the public without the prior approval of the Town.

16.—(a) The Town agrees to pay the Operator the sum of \$2,750.00 a month as a subsidy for the improved bus service provided for by this Agreement;

(b) Subject to paragraph (c), the Town shall make these payments on a monthly basis on the 15th day of the month following the month in respect of which the service was performed;

(c) No payments shall be made under this Section until such time as this Agreement is ratified pursuant to Section 25 herein and all payments falling due before such ratification shall be payable forthwith thereafter.

17.—(a) The Town, by thirty days written notice, to be served upon the Operator, may, from time to time, require the Operator to provide additional bus service on an experimental basis for a period of three months;

(b) The Operator agrees that he will provide such bus service commencing on a date to be specified in the said notice;

(c) The Town shall pay the Operator a monthly rate of \$500.00 per bus for this experimental service to be paid in the manner as provided in Section 16(b);

(d) The rate to be charged on any experimental service shall be the rate charged on the regular bus service;

(e) The experimental bus service shall be operated eight hours per day, six days a week, Monday to Saturday, both inclusive, excepting all Statutory Holidays;

(f) During the period of the operation of the experimental bus service, the Operator shall provide the Town with a monthly statement in a form satisfactory to the Director of Public Works indicating the number of passengers and the fares collected on each experimental bus service;

(g) Any fares collected on an experimental route shall belong to the Operator;

(h) At the end of the three month period, the experimental bus service shall be terminated unless extended from month to month by the Town;

(i) In the event the Town should decide that the demand for the experimental bus service warrants that it should be continued after the expiration of the period of the experimental bus service the Town shall have the right to require the Operator to continue the experimental bus service on a permanent basis. Written notice of such continuation shall be served on the Operator not less than fifteen days prior to the expiration of the period of the experimental bus service;

(j) If the Town requires the Operator to continue any such experimental bus service on a permanent basis, it shall pay a subsidy for such bus service in an amount to be negotiated by the parties hereto and pending agreement thereon at the rate of \$500.00 per month;

(k) Upon being served with any notice as set out in this Section, the Operator agrees to comply with the provisions thereof;

(l) The Operator shall have the right to use buses of a different type and capacity than those used on the permanent routes established by this Agreement, but if the experimental bus service is continued on a permanent basis, the Operator agrees to obtain delivery of, at the earliest possible date and use on such routes, buses similar to those defined in Section 5 of this Agreement.

18. The Town covenants and agrees that it will not permit any other operator, subject to the provisions of Section 3 hereof, to operate a bus service for the use of the public, within the corporate limits of the Town of Burlington, except any bus service operated by the Government of the Province of Ontario over which the Town has no control and will pass such by-laws and do all such acts and things as are necessary for the due performance of this Agreement, according to its true intent and meaning.

19. During the currency of this Agreement, the Operator shall not have the right to sell, mortgage, transfer, assign or dispose of any of the rights, powers and privileges herein conferred, without the

written consent of the Town, duly authorized by by-law in that behalf, which such consent shall not be unreasonably withheld.

20. The Town shall have the right at its option to purchase from the Operator at any time during the currency hereof the rights, powers and privileges herein conferred on him at such price as may mutually be agreed upon. It is understood and agreed that if at such time the Operator should wish to dispose of all or any of the buses employed by him in providing the bus service to the Town that the Town will in addition purchase such buses from the Operator.

21. The Operator shall not be in default on any covenants contained herein for failure or partial failure to operate, if such failure or partial failure is the result of fire, act of God, strike or other cause beyond the control of the Operator. In the event of such an occurrence, or the failure or partial failure to operate for any other reason, the Town shall not be liable to pay the Operator the equivalent portion of any of the payments which are or may be required under Sections 8(b) and 17 of this Agreement, pro-rated according to the extent of such failure.

THE SECURITIES ACT, 1966**O. Reg. 182/71.**

General.

Made—April 28th, 1971.

Filed—May 3rd, 1971.

**REGULATION MADE UNDER
THE SECURITIES ACT, 1966**

1. Section 19a of Ontario Regulation 101/67, as made by section 13 of Ontario Regulation 208/70, is revoked and the following substituted therefor:

19a. For the purpose of the reports required under section 19 or in any references to the property of the company contained in either Form 11 or Form 11A,

- (a) "ore" means a natural aggregate of one or **more minerals which, at a specified time and place, may be mined and sold at a profit, or from which some part may be profitably separated;**
- (b) "proven ore" or "measured ore" means that material for which tonnage is computed from dimensions revealed in outcrops or trenches or underground workings or drill holes and for which the grade is computed from the results of adequate sampling, and for which the sites for inspection, sampling, and measurement are so spaced and the geological character so well defined that the size, shape, and mineral content are established, and for which the computed tonnage and grade are judged to be accurate within limits which shall be stated and for which it shall be stated whether the tonnage and grade of proven ore or measured ore are *in situ* or extractable, with dilution factors shown, and reasons for the use of these dilution factors clearly explained;

(c) "probable ore" or "indicated ore" means that material for which tonnage and grade are computed partly from specific measurements, samples, or production data, and partly from projection for a reasonable distance on geologic evidence, and for which the sites available for inspection, measurement, and sampling are too widely or otherwise inappropriately spaced to outline the material completely or to establish its grade throughout;

(d) "possible ore" or "inferred ore" means that material for which quantitative estimates are based largely on broad knowledge of the geologic character of the deposit and for which there are few, if any, samples or measurements, and for which the estimates are based on an assumed continuity or repetition for which there are reasonable geological indications, which indications may include comparison with deposits of similar type, and bodies that are completely concealed may be included if there is specific evidence of their presence.

19b. For the purpose of the reports required under section 19 or in any references to the property of the company contained in either Form 11 or Form 11A,

- (a) estimates of possible ore or inferred ore shall include a statement of conditions within which the inferred material occurs; and
 - (b) the arithmetical average of any amount of sampling is not necessarily representative, unless the distribution of values and number of samples are properly taken into account, and a statement of how samples were taken shall be given, and where mineralization is erratic, the method of treating erratic values, shall be given in the narrative of the report.
2. Instruction 3 of paragraph c of item 7 of Form 11 of Ontario Regulation 101/67 is revoked and the following substituted therefor:
 3. For the purpose of this item:
 - (i) "ore" means a natural aggregate of one or more minerals which, at a specified time and place, may be mined and sold at a profit, or from which some part may be profitably separated;
 - (ii) "proven ore" or "measured ore" means that material for which tonnage is computed from dimensions revealed in outcrops or trenches or underground workings or drill holes and for which the grade is computed from the results of adequate sam-

pling, and for which the sites for inspection, sampling, and measurement are so spaced and the geological character so well defined that the size, shape, and mineral content are established, and for which the computed tonnage and grade are judged to be accurate within limits which shall be stated, and for which it shall be stated whether the tonnage and grade of proven ore or measured ore are *in situ* or extractable, with dilution factors shown, and reasons for the use of these dilution factors clearly explained;

(iii) "probable ore" or "indicated ore" means that material for which tonnage and grade are computed partly from specific measurements, samples, or production data, and partly from projection for a reasonable distance on geologic evidence, and for which the sites available for inspection, measurement, and sampling are too widely or otherwise inappropriately spaced to outline the material completely or to establish its grade throughout;

(iv) "possible ore" or "inferred ore" means that material for which quantitative estimates are based largely on broad knowledge of the geologic character of the deposit and for which there are few, if any, samples or measurements, and for which the estimates are based on an assumed continuity or repetition for which there are reasonable geological indications, which indications may include comparison with deposits of similar type, and bodies that are completely concealed may be included if there is specific evidence of their presence;

(v) estimates of possible ore or inferred ore shall include a statement of conditions within which the inferred material occurs; and

(vi) the arithmetical average of any amount of sampling is not necessarily representative, unless the distribution of values and number of samples are properly taken into account and a statement of how samples were taken shall be given, and where mineralization is erratic, the method of treating erratic values shall be given in the narrative of the report.

3. Instruction 5 of paragraph c of item 7 of Form 11 of Ontario Regulation 101/67 is revoked and the following substituted therefor:

5. For the purposes of clause (5) of paragraph (c) of this item:

(i) "crude oil" is a mixture that consists mainly of pentanes and heavier hydrocarbons, which may contain sulphur compounds, and that is recoverable at a well from an underground reservoir, and that is liquid at the conditions under which its volume is measured or estimated, and includes all other liquid hydrocarbons so recoverable except natural gas liquids;

(ii) "natural gas" is a mixture, consisting principally of hydrocarbons that may contain non-hydrocarbon gases such as carbon dioxide, hydrogen sulphide or nitrogen, which mixture is recoverable from an underground reservoir and is in the gaseous phase or in solution with crude oil in the reservoir;

(iii) "natural gas liquids" are the hydrocarbon components propane, butanes, and pentanes plus, or a combination of them, which hydrocarbon components are subject to recovery from raw gas as liquids by the processes of condensation or absorption, which recovery takes place in field separators, scrubbers, gas processing and reprocessing plants, or cycling plants;

(iv) "commercial production" is output from a well of such quantity of petroleum substances as, having regard to the cost of drilling and production and the price, kind and quality of such production, would justify from a commercial and economic point of view the drilling of a similar well in the immediate surroundings;

(v) "proved reserves underlying a property" are the estimated economically recoverable quantities of crude oil, natural gas, and natural gas liquids, including the reserves to be obtained by enhanced recovery processes demonstrated to be successful, from that portion of an area delineated by gas-oil or oil-water or gas-water contacts in drilled wells, or which can be reasonably evaluated as economically productive, on the basis of drilling, geological, geophysical, and engineering data, but reserves in undrilled prospects cannot be classed as proved reserves;

(vi) "proved developed reserves" are those proved reserves which will be produced from existing wells or facilities;

(vii) "proved undeveloped reserves" are those proved reserves which are not recoverable from existing wells or facilities or from those zones in existing wells which have been cased-off, but which can be recovered through the drilling of additional wells;

(viii) "probable reserves" of crude oil, natural gas and natural gas liquids include proved reserves plus an estimate of any additional reserves which may be recovered from the known pool or from that portion underlying the properties. The estimates of probable reserves are as realistic as can be determined on the basis of the information available. The area considered probable shall be the estimated ultimate size of the reservoir, or of that portion underlying the properties including the proved area and shall be based on a realistic interpretation of the geological or geophysical, or geological and geophysical, data available at the time the estimate is made. Probable reserves to be obtained by the application of enhanced recovery processes include proved reserves, reserves from the additional probable area, and increased recovery over and above that recognized in the proved category which can be realistically estimated to be ultimately economically recovered from the pool or such portions as underlies the properties.

For the purpose of this clause, transfer point means those points designated by the Town by by-law and a trip will be deemed continuous if the transfer slip is tendered by the passenger to the operator of the bus to which he transfers within such time as the Town and the Operator may agree;

Provided that should the Town require the issuance of transfer slips as herein provided, the Town will bear the cost of printing and delivering transfer slips to the Operator for use hereunder;

(d) The Operator shall equip each bus with a fare box of a design suitable to the Director of Public Works;

(e) The Operator shall require all passengers to deposit fares directly into the fare box and prohibit the bus driver from depositing a fare on behalf of any passenger.

- (vii) All other costs or expenses usually associated with the operation of a bus service.

14.—(a) The Town shall, from time to time, designate certain areas upon any route in the bus service as bus stops for the use of the Operator to pick up and discharge passengers;

(b) The use of such bus stops shall not be exclusive where any other operator, as mentioned in Section 3, uses the same route;

(c) The Town shall bear the cost of establishing and maintaining the said areas designated for bus stops and signs;

(d) The Town shall enact the necessary by-law to prohibit the parking of vehicles at or the obstructing of any bus stops;

(e) The Town agrees to take reasonable steps and measures to adequately control and regulate the flow of traffic on routes used by the Operator, in order that the buses of the Operator may proceed along such routes with a minimum of delay.

15. The Operator agrees that he will not operate any regularly scheduled bus service for the use of the public without the prior approval of the Town.

16.—(a) The Town agrees to pay the Operator the sum of \$2,750.00 a month as a subsidy for the improved bus service provided for by this Agreement;

(b) Subject to paragraph (c), the Town shall make these payments on a monthly basis on the 15th day of the month following the month in respect of which the service was performed;

(c) No payments shall be made under this Section until such time as this Agreement is ratified pursuant to Section 25 herein and all payments falling due before such ratification shall be payable forthwith thereafter.

17.—(a) The Town, by thirty days written notice, to be served upon the Operator, may, from time to time, require the Operator to provide additional bus service on an experimental basis for a period of three months;

(b) The Operator agrees that he will provide such bus service commencing on a date to be specified in the said notice;

(h) At the end of the three month period, the experimental bus service shall be terminated unless extended from month to month by the Town;

(i) In the event the Town should decide that the demand for the experimental bus service warrants that it should be continued after the expiration of the period of the experimental bus service the Town shall have the right to require the Operator to continue the experimental bus service on a permanent basis. Written notice of such continuation shall be served on the Operator not less than fifteen days prior to the expiration of the period of the experimental bus service;

(k) Upon being served with any notice as set out in this Section, the Operator agrees to comply with the provisions thereof;

20. The Town shall have the right at its option to purchase from the Operator at any time during the currency hereof the rights, powers and privileges herein conferred on him at such price as may mutually be agreed upon. It is understood and agreed that if at such time the Operator should wish to dispose of all or any of the buses employed by him in providing the bus service to the Town that the Town will in addition purchase such buses from the Operator.

21. The Operator shall not be in default on any covenants contained herein for failure or partial failure to operate, if such failure or partial failure is the result of fire, act of God, strike or other cause beyond the control of the Operator. In the event of such an occurrence, or the failure or partial failure to operate for any other reason, the Town shall not be liable to pay the Operator the equivalent portion of any of the payments which are or may be required under Sections 8(b) and 17 of this Agreement, pro-rated according to the extent of such failure.

AGREEMENT made as of the 8th day of March, 1971.

BETWEEN:

hereinafter referred to as "the Operator",

— and —

THE CORPORATION OF THE TOWN OF BURLINGTON,

hereinafter referred to as "the Town",

AND WHEREAS the Town desires the Operator to expand the bus service he now provides in the Town pursuant to the said Act;

AND WHEREAS the Town has offered to provide a subsidy to the Operator to assist him in providing such expanded service;

AND WHEREAS the Operator is prepared to provide such expanded service.

NOW THEREFORE THIS INDENTURE WITNESSETH

that in consideration of the premises and mutual covenants herein contained, the parties hereto covenant and agree as follows:

1. When and if this Agreement is ratified and confirmed and takes effect the parties hereto release one another from the Agreement of December 31st, 1964, as ratified by *The Town of Burlington Act, 1965*.

2.—(a) The Town grants to the Operator an exclusive right, power and privilege, subject to the restrictions, covenants, conditions and provisos herein contained, to operate public vehicles for the transportation for compensation of passengers or passengers and express freight which might be carried in a passenger vehicle, to, over and along each and any of the streets, avenues or highways presently or as they may hereafter exist within the corporate limits of the Town of Burlington;

(b) The operation of such public vehicles shall be hereinafter referred to as the "bus service".

3.—(a) Nothing in this Agreement shall derogate from any of the rights, powers and privileges as of the 1st day of January, 1958, existing or vested on that date in any other operator respecting,

- (i) the operation of motor vehicles as public vehicles within the meaning of *The Public Vehicles Act* of Ontario within or through the Town of Burlington determined according to operating licences held by such other operator issued pursuant to *The Public Vehicles Act*, or
- (ii) the right of any such other operator to take on passengers and their baggage, or express freight, within the limits of the Town of Burlington, as such limits may from time to time exist, and discharge such passengers, baggage or express freight within such limits of the Town of Burlington;

(b) The said operators are,

- (i) Gray Coach Lines Ltd.,
- (ii) Hamilton Street Railway Co., and
- (iii) Canada Coach Lines Limited;

(c) The routes over which the public vehicles referred to in subsection (a) may operate are the routes over which they are presently operating or such routes as may be designated by Council with the consent of the Operator in accordance with Section 8(3) of *The Public Vehicles Act*.

4.—(a) This Agreement shall expire on the 31st day of December, 1974;

(b) Subject to Section 26 the provisions of this Agreement shall come into force and effect as of the 16th day of November, 1970;

(c) this Agreement may be terminated by the Town, upon three months notice in writing, if the Operator fails to comply with or perform any of the conditions or obligations contained herein, except those provided in Section 11;

(d) this Agreement may be terminated by the Town, upon ten days notice in writing, if the Operator fails to comply with or perform any other conditions or obligations contained in Section 11.

5.—(a) The Operator shall have available six Blue Bird buses or the equivalent to operate on the routes established herein;

(b) The buses to be used in the bus service shall be painted blue and white and shall be identified as BURLINGTON TRANSIT;

(c) The Operator shall provide and maintain sufficient reserve equipment to provide continuity of service in the event of an accident or mechanical break-down of equipment and to provide for normal maintenance. In the event of an accident or mechanical break-down, the Operator may use buses of a design other than as set out in subsections (a) and (b) with the approval of the Director of Public Works.

6. The Operator shall keep the buses required for the bus service in a proper state of repair and in safe working condition, clean and sanitary, properly lighted and adequately heated.

7. The Operator shall have fully qualified and licenced drivers, who shall wear proper uniforms and conduct themselves in a safe and courteous manner and who shall, at all times, treat passengers with polite care and attention.

8.—(a) Save as herein expressly mentioned, the Operator agrees to provide a bus service in the Town in accordance with the routes and time schedules set out in Appendix "A" to this Agreement;

(b) The Town may at any time and from time to time by seven days notice in writing to the Operator alter any of the routes or time schedules provided for herein either temporarily or permanently provided that in so doing should the Town materially increase the number of route miles or number of scheduled trips provided for and mentioned in the said Appendix "A", it will pay the Operator an additional subsidy which such additional subsidy shall be calculated and paid by ascertaining the relation that the subsidy of \$2,750.00 per month provided for herein bears to the number of route miles and scheduled trips provided for in Schedule "A" hereto and applying the same to the number of additional route miles or scheduled trips required by the Town pursuant to notice given to the Operator under this paragraph; provided that should new vehicular equipment be required to provide the additional service mentioned herein, the Town's notice shall be treated as a notice under Section 17 hereof;

(c) All times referred to in the said time schedules shall be the times commonly observed in the Town of Burlington, be it standard time or daylight saving time;

(d) The Operator shall adhere to the times set out in the time schedules herein or subsequently established with a time tolerance of three minutes before and five minutes after the time schedules, extraordinary weather or traffic conditions and incidents of force majeure excepted;

(e) The Operator shall affix a sign to each bus employed by him in providing the bus service designating the route each bus is scheduled to cover;

(f) Within one month after this Agreement takes effect the Operator will publish and have available maps indicating the routes and time schedules of the bus service herein provided for which such maps shall also include a telephone number for the use of the public in seeking information.

9.—(a) The Operator shall allow a duly authorized representative of the Town the right to inspect, at all reasonable times, the buses used by the Operator, provided that such inspection does not unreasonably interfere with the operation of the bus service;

(b) The said representative shall be allowed to ride the buses free of charge when making the inspection;

10.—(a) The Operator agrees to charge the rates for cash fares and bus tickets in the schedule of rates set out in Appendix "B" hereto during the term hereof. All fares collected shall be the property of the Operator;

(b) The Operator agrees not to carry any passenger in respect of whom the full fare has not been paid except as authorized in writing by the Town;

(c) When and if the routing of the bus service as provided herein makes transfers from route to route within the Town feasible, the Town may, on thirty days notice to the Operator require the Operator to give passengers, free of charge, upon request, a transfer slip from one bus to another bus and to accept such transfer slip in lieu of a fare at a transfer point if the passenger tendering the transfer slip is in the course of a continuous trip. For the purpose of this clause, transfer point means those points designated by the Town by by-law and a trip will be deemed continuous if the transfer slip is tendered by the passenger to the operator of the bus to which he transfers within such time as the Town and the Operator may agree;

Provided that should the Town require the issuance of transfer slips as herein provided, the Town will bear the cost of printing and delivering transfer slips to the Operator for use hereunder;

(d) The Operator shall equip each bus with a fare box of a design suitable to the Director of Public Works;

(e) The Operator shall require all passengers to deposit fares directly into the fare box and prohibit the bus driver from depositing a fare on behalf of any passenger.

11. The Operator shall indemnify and save harmless the Town from and against all liability of whatsoever kind or nature which may arise out of the obligations of the Operator under this Agreement and the Operator agrees that he will, during the currency of this Agreement, carry public liability and property damage insurance in the amount of \$1,000,000.00 and up to \$150,000.00 for any one claimant and shall file, with the Town, a certified copy of such insurance policy not later than the 16th day of November in each and every year, provided that such policy shall be non-cancellable except upon thirty days written notice to the Town by the insurer.

12.—(a) The Operator shall provide the Town with six reports per year, certified by the Operator's manager, covering one week each. These reports shall indicate the revenues per route. The six weekly periods shall be specified by the Director of Public Works;

(b) These reports shall be in a form satisfactory to the Director of Public Works.

13. The Operator agrees to assume and promptly pay and discharge all costs and expenses in connection with the bus service and, without limiting the generality of the foregoing, the Operator shall pay and discharge the following costs and expenses:

- (i) The cost of providing buses required by this Agreement, together with the cost of providing such stand-by and replacement buses as may be required pursuant to this Agreement;
- (ii) The cost of keeping and operating all the buses required for the bus service in a fit and proper state of repair at all times;
- (iii) All salaries, wages and benefits of officers and employees required for the operation of the bus service;
- (iv) The cost of providing the insurance required by this Agreement;
- (v) The cost of all advertising and the printing of route maps, time schedules, except at bus stops, and tickets, provided that in the event of any permanent alteration in routes or time schedules at the instance of the Town, the Town will publish and advertise the new route maps and time schedules;

- (vi) All federal, provincial and municipal taxes, as well as licence fees applicable to the operation of the bus service;
- (vii) All other costs or expenses usually associated with the operation of a bus service.

14.—(a) The Town shall, from time to time, designate certain areas upon any route in the bus service as bus stops for the use of the Operator to pick up and discharge passengers;

(b) The use of such bus stops shall not be exclusive where any other operator, as mentioned in Section 3, uses the same route;

(c) The Town shall bear the cost of establishing and maintaining the said areas designated for bus stops and signs;

(d) The Town shall enact the necessary by-law to prohibit the parking of vehicles at or the obstructing of any bus stops;

(e) The Town agrees to take reasonable steps and measures to adequately control and regulate the flow of traffic on routes used by the Operator, in order that the buses of the Operator may proceed along such routes with a minimum of delay.

15. The Operator agrees that he will not operate any regularly scheduled bus service for the use of the public without the prior approval of the Town.

16.—(a) The Town agrees to pay the Operator the sum of \$2,750.00 a month as a subsidy for the improved bus service provided for by this Agreement;

(b) Subject to paragraph (c), the Town shall make these payments on a monthly basis on the 15th day of the month following the month in respect of which the service was performed;

(c) No payments shall be made under this Section until such time as this Agreement is ratified pursuant to Section 25 herein and all payments falling due before such ratification shall be payable forthwith thereafter.

17.—(a) The Town, by thirty days written notice, to be served upon the Operator, may, from time to time, require the Operator to provide additional bus service on an experimental basis for a period of three months;

(b) The Operator agrees that he will provide such bus service commencing on a date to be specified in the said notice;

(c) The Town shall pay the Operator a monthly rate of \$500.00 per bus for this experimental service to be paid in the manner as provided in Section 16(b);

(d) The rate to be charged on any experimental service shall be the rate charged on the regular bus service;

(e) The experimental bus service shall be operated eight hours per day, six days a week, Monday to Saturday, both inclusive, excepting all Statutory Holidays;

(f) During the period of the operation of the experimental bus service, the Operator shall provide the Town with a monthly statement in a form satisfactory to the Director of Public Works indicating the number of passengers and the fares collected on each experimental bus service;

(g) Any fares collected on an experimental route shall belong to the Operator;

(h) At the end of the three month period, the experimental bus service shall be terminated unless extended from month to month by the Town;

(i) In the event the Town should decide that the demand for the experimental bus service warrants that it should be continued after the expiration of the period of the experimental bus service the Town shall have the right to require the Operator to continue the experimental bus service on a permanent basis. Written notice of such continuation shall be served on the Operator not less than fifteen days prior to the expiration of the period of the experimental bus service;

(j) If the Town requires the Operator to continue any such experimental bus service on a permanent basis, it shall pay a subsidy for such bus service in an amount to be negotiated by the parties hereto and pending agreement thereon at the rate of \$500.00 per month;

(k) Upon being served with any notice as set out in this Section, the Operator agrees to comply with the provisions thereof;

(l) The Operator shall have the right to use buses of a different type and capacity than those used on the permanent routes established by this Agreement, but if the experimental bus service is continued on a permanent basis, the Operator agrees to obtain delivery of, at the earliest possible date and use on such routes, buses similar to those defined in Section 5 of this Agreement.

18. The Town covenants and agrees that it will not permit any other operator, subject to the provisions of Section 3 hereof, to operate a bus service for the use of the public, within the corporate limits of the Town of Burlington, except any bus service operated by the Government of the Province of Ontario over which the Town has no control and will pass such by-laws and do all such acts and things as are necessary for the due performance of this Agreement, according to its true intent and meaning.

19. During the currency of this Agreement, the Operator shall not have the right to sell, mortgage, transfer, assign or dispose of any of the rights, powers and privileges herein conferred, without the

written consent of the Town, duly authorized by by-law in that behalf, which such consent shall not be unreasonably withheld.

20. The Town shall have the right at its option to purchase from the Operator at any time during the currency hereof the rights, powers and privileges herein conferred on him at such price as may mutually be agreed upon. It is understood and agreed that if at such time the Operator should wish to dispose of all or any of the buses employed by him in providing the bus service to the Town that the Town will in addition purchase such buses from the Operator.

21. The Operator shall not be in default on any covenants contained herein for failure or partial failure to operate, if such failure or partial failure is the result of fire, act of God, strike or other cause beyond the control of the Operator. In the event of such an occurrence, or the failure or partial failure to operate for any other reason, the Town shall not be liable to pay the Operator the equivalent portion of any of the payments which are or may be required under Sections 8(b) and 17 of this Agreement, pro-rated according to the extent of such failure.

22. If at any time during or after the said term of the Agreement any dispute, difference or question shall arise between the parties hereto, or any of their representatives, touching this Agreement or any part thereof, or the construction, or effect of this Agreement or any part thereof, or anything herein contained for the rights or liabilities of the parties or their representatives under this Agreement or otherwise, in relation to the premises including any dispute arising as to the sum to be paid by the Town under Section 20 hereof and if said matter cannot be settled by the parties hereto by negotiation, then every such dispute, difference or question shall be referred to a single arbitrator, if the parties agree upon one, otherwise, to three arbitrators, one to be appointed by each party to the reference and the third arbitrator to be appointed by the said nominees before they enter upon the business of the reference. If either party shall refuse or neglect to appoint an arbitrator within thirty days after the other party shall have appointed an arbitrator and shall have served written notice on the first-mentioned party requiring such party to make such appointment, then the arbitrator first appointed shall, at the request of the party appointing him, proceed to hear and determine the matter in difference as if he were a single arbitrator appointed by both parties for the purpose and the word or determination which shall be made by the said arbitrator shall be final and binding on the parties hereto, their successors and assigns.

23.—(a) Any notice required to be given or served on the Operator under any of the provisions of this Agreement shall be deemed to be properly given or served if it is personally served or mailed by prepaid registered post addressed to the Operator at 5401 Dundas Street, Burlington, Ontario and service upon the Operator shall be deemed to be effective on the date after mailing of the notice as aforesaid;

(b) Any notice required to be given or served on the Town under any of the provisions of this Agreement shall be deemed to be properly given or served if it is personally served or mailed by prepaid registered post addressed to the Clerk of the Town, Box 5013, Burlington, Ontario and service upon the Town shall be deemed to be effective on the date after mailing of the notice as aforesaid.

24. This Agreement shall not take effect unless and until confirmed and ratified by the Legislative Assembly of the Province of Ontario but, if so confirmed and ratified, the provisions hereof shall have effect from November 16th, 1970.

25. Subject as hereinbefore provided, this Agreement shall enure to the benefit of and be binding upon the parties hereto, their heirs, executors, administrators, successors and assigns.

IN WITNESS WHEREOF the Operator has hereunto set his hand and seal and the Corporation has hereunto caused its corporate seal to be attested by its proper officers in that behalf.

Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Queen's Printer and Publisher for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Department of Lands and Forests whether or not the land or any part can be purchased or leased from the Department. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

AGREEMENT made as of the 8th day of March, 1971.

BETWEEN:

CECIL H. NORTON, of the Town of Burlington, of the County of Halton,

hereinafter referred to as "the Operator",

— and —

THE CORPORATION OF THE TOWN OF BURLINGTON,

hereinafter referred to as "the Town",

WHEREAS the Operator has the right to operate and maintain a bus service in the Town of Burlington pursuant to *The Town of Burlington Act*, S.O. 1965, c. 145;

AND WHEREAS the Town desires the Operator to expand the bus service he now provides in the Town pursuant to the said Act;

AND WHEREAS the Town has offered to provide a subsidy to the Operator to assist him in providing such expanded service;

AND WHEREAS the Operator is prepared to provide such expanded service.

NOW THEREFORE THIS INDENTURE WITNESSETH

that in consideration of the premises and mutual covenants herein contained, the parties hereto covenant and agree as follows:

1. When and if this Agreement is ratified and confirmed and takes effect the parties hereto release one another from the Agreement of December 31st, 1964, as ratified by *The Town of Burlington Act, 1965*.

2.—(a) The Town grants to the Operator an exclusive right, power and privilege, subject to the restrictions, covenants, conditions and provisos herein contained, to operate public vehicles for the transportation for compensation of passengers or passengers and express freight which might be carried in a passenger vehicle, to, over and along each and any of the streets, avenues or highways presently or as they may hereafter exist within the corporate limits of the Town of Burlington;

(b) The operation of such public vehicles shall be hereinafter referred to as the "bus service".

3.—(a) Nothing in this Agreement shall derogate from any of the rights, powers and privileges as of the 1st day of January, 1958, existing or vested on that date in any other operator respecting,

- (i) the operation of motor vehicles as public vehicles within the meaning of *The Public Vehicles Act* of Ontario within or through the Town of Burlington determined according to operating licences held by such other operator issued pursuant to *The Public Vehicles Act*, or
- (ii) the right of any such other operator to take on passengers and their baggage, or express freight, within the limits of the Town of Burlington, as such limits may from time to time exist, and discharge such passengers, baggage or express freight within such limits of the Town of Burlington;

(b) The said operators are,

- (i) Gray Coach Lines Ltd.,
- (ii) Hamilton Street Railway Co., and
- (iii) Canada Coach Lines Limited;

(c) The routes over which the public vehicles referred to in subsection (a) may operate are the routes over which they are presently operating or such routes as may be designated by Council with the consent of the Operator in accordance with Section 8(3) of *The Public Vehicles Act*.

4.—(a) This Agreement shall expire on the 31st day of December, 1974;

(b) Subject to Section 26 the provisions of this Agreement shall come into force and effect as of the 16th day of November, 1970;

(c) this Agreement may be terminated by the Town, upon three months notice in writing, if the Operator fails to comply with or perform any of the conditions or obligations contained herein, except those provided in Section 11;

(d) this Agreement may be terminated by the Town, upon ten days notice in writing, if the Operator fails to comply with or perform any other conditions or obligations contained in Section 11.

5.—(a) The Operator shall have available six Blue Bird buses or the equivalent to operate on the routes established herein;

(b) The buses to be used in the bus service shall be painted blue and white and shall be identified as BURLINGTON TRANSIT;

(c) The Operator shall provide and maintain sufficient reserve equipment to provide continuity of service in the event of an accident or mechanical break-down of equipment and to provide for normal maintenance. In the event of an accident or mechanical break-down, the Operator may use buses of a design other than as set out in subsections (a) and (b) with the approval of the Director of Public Works.

6. The Operator shall keep the buses required for the bus service in a proper state of repair and in safe working condition, clean and sanitary, properly lighted and adequately heated.

7. The Operator shall have fully qualified and licenced drivers, who shall wear proper uniforms and conduct themselves in a safe and courteous manner and who shall, at all times, treat passengers with polite care and attention.

8.—(a) Save as herein expressly mentioned, the Operator agrees to provide a bus service in the Town in accordance with the routes and time schedules set out in Appendix "A" to this Agreement;

(b) The Town may at any time and from time to time by seven days notice in writing to the Operator alter any of the routes or time schedules provided for herein either temporarily or permanently provided that in so doing should the Town materially increase the number of route miles or number of scheduled trips provided for and mentioned in the said Appendix "A", it will pay the Operator an additional subsidy which such additional subsidy shall be calculated and paid by ascertaining the relation that the subsidy of \$2,750.00 per month provided for herein bears to the number of route miles and scheduled trips provided for in Schedule "A" hereto and applying the same to the number of additional route miles or scheduled trips required by the Town pursuant to notice given to the Operator under this paragraph; provided that should new vehicular equipment be required to provide the additional service mentioned herein, the Town's notice shall be treated as a notice under Section 17 hereof;

(c) All times referred to in the said time schedules shall be the times commonly observed in the Town of Burlington, be it standard time or daylight saving time;

(d) The Operator shall adhere to the times set out in the time schedules herein or subsequently established with a time tolerance of three minutes before and five minutes after the time schedules, extraordinary weather or traffic conditions and incidents of force majeure excepted;

(e) The Operator shall affix a sign to each bus employed by him in providing the bus service designating the route each bus is scheduled to cover;

(f) Within one month after this Agreement takes effect the Operator will publish and have available maps indicating the routes and time schedules of the bus service herein provided for which such maps shall also include a telephone number for the use of the public in seeking information.

9.—(a) The Operator shall allow a duly authorized representative of the Town the right to inspect, at all reasonable times, the buses used by the Operator, provided that such inspection does not unreasonably interfere with the operation of the bus service;

(b) The said representative shall be allowed to ride the buses free of charge when making the inspection;

10.—(a) The Operator agrees to charge the rates, for cash fares and bus tickets in the schedule of rates set out in Appendix "B" hereto during the term hereof. All fares collected shall be the property of the Operator;

(b) The Operator agrees not to carry any passenger in respect of whom the full fare has not been paid except as authorized in writing by the Town;

(c) When and if the routing of the bus service as provided herein makes transfers from route to route within the Town feasible, the Town may, on thirty days notice to the Operator require the Operator to give passengers, free of charge, upon request, a transfer slip from one bus to another bus and to accept such transfer slip in lieu of a fare at a transfer point if the passenger tendering the transfer slip is in the course of a continuous trip. For the purpose of this clause, transfer point means those points designated by the Town by by-law and a trip will be deemed continuous if the transfer slip is tendered by the passenger to the operator of the bus to which he transfers within such time as the Town and the Operator may agree;

Provided that should the Town require the issuance of transfer slips as herein provided, the Town will bear the cost of printing and delivering transfer slips to the Operator for use hereunder;

(d) The Operator shall equip each bus with a fare box of a design suitable to the Director of Public Works;

(e) The Operator shall require all passengers to deposit fares directly into the fare box and prohibit the bus driver from depositing a fare on behalf of any passenger.

11. The Operator shall indemnify and save harmless the Town from and against all liability of whatsoever kind or nature which may arise out of the obligations of the Operator under this Agreement and the Operator agrees that he will, during the currency of this Agreement, carry public liability and property damage insurance in the amount of \$1,000,000.00 and up to \$150,000.00 for any one claimant and shall file, with the Town, a certified copy of such insurance policy not later than the 16th day of November in each and every year, provided that such policy shall be non-cancellable except upon thirty days written notice to the Town by the insurer.

12.—(a) The Operator shall provide the Town with six reports per year, certified by the Operator's manager, covering one week each. These reports shall indicate the revenues per route. The six weekly periods shall be specified by the Director of Public Works;

(b) These reports shall be in a form satisfactory to the Director of Public Works.

13. The Operator agrees to assume and promptly pay and discharge all costs and expenses in connection with the bus service and, without limiting the generality of the foregoing, the Operator shall pay and discharge the following costs and expenses:

- (i) The cost of providing buses required by this Agreement, together with the cost of providing such stand-by and replacement buses as may be required pursuant to this Agreement;
- (ii) The cost of keeping and operating all the buses required for the bus service in a fit and proper state of repair at all times;
- (iii) All salaries, wages and benefits of officers and employees required for the operation of the bus service;
- (iv) The cost of providing the insurance required by this Agreement;
- (v) The cost of all advertising and the printing of route maps, time schedules, except at bus stops, and tickets, provided that in the event of any permanent alteration in routes or time schedules at the instance of the Town, the Town will publish and advertise the new route maps and time schedules;

- (vi) All federal, provincial and municipal taxes, as well as licence fees applicable to the operation of the bus service;
- (vii) All other costs or expenses usually associated with the operation of a bus service.

14.—(a) The Town shall, from time to time, designate certain areas upon any route in the bus service as bus stops for the use of the Operator to pick up and discharge passengers;

(b) The use of such bus stops shall not be exclusive where any other operator, as mentioned in Section 3, uses the same route;

(c) The Town shall bear the cost of establishing and maintaining the said areas designated for bus stops and signs;

(d) The Town shall enact the necessary by-law to prohibit the parking of vehicles at or the obstructing of any bus stops;

(e) The Town agrees to take reasonable steps and measures to adequately control and regulate the flow of traffic on routes used by the Operator, in order that the buses of the Operator may proceed along such routes with a minimum of delay.

15. The Operator agrees that he will not operate any regularly scheduled bus service for the use of the public without the prior approval of the Town.

16.—(a) The Town agrees to pay the Operator the sum of \$2,750.00 a month as a subsidy for the improved bus service provided for by this Agreement;

(b) Subject to paragraph (c), the Town shall make these payments on a monthly basis on the 15th day of the month following the month in respect of which the service was performed;

(c) No payments shall be made under this Section until such time as this Agreement is ratified pursuant to Section 25 herein and all payments falling due before such ratification shall be payable forthwith thereafter.

17.—(a) The Town, by thirty days written notice, to be served upon the Operator, may, from time to time, require the Operator to provide additional bus service on an experimental basis for a period of three months;

(b) The Operator agrees that he will provide such bus service commencing on a date to be specified in the said notice;

(c) The Town shall pay the Operator a monthly rate of \$500.00 per bus for this experimental service to be paid in the manner as provided in Section 16(b);

(d) The rate to be charged on any experimental service shall be the rate charged on the regular bus service;

(e) The experimental bus service shall be operated eight hours per day, six days a week, Monday to Saturday, both inclusive, excepting all Statutory Holidays;

(f) During the period of the operation of the experimental bus service, the Operator shall provide the Town with a monthly statement in a form satisfactory to the Director of Public Works indicating the number of passengers and the fares collected on each experimental bus service;

(g) Any fares collected on an experimental route shall belong to the Operator;

(h) At the end of the three month period, the experimental bus service shall be terminated unless extended from month to month by the Town;

(i) In the event the Town should decide that the demand for the experimental bus service warrants that it should be continued after the expiration of the period of the experimental bus service the Town shall have the right to require the Operator to continue the experimental bus service on a permanent basis. Written notice of such continuation shall be served on the Operator not less than fifteen days prior to the expiration of the period of the experimental bus service;

(j) If the Town requires the Operator to continue any such experimental bus service on a permanent basis, it shall pay a subsidy for such bus service in an amount to be negotiated by the parties hereto and pending agreement thereon at the rate of \$500.00 per month;

(k) Upon being served with any notice as set out in this Section, the Operator agrees to comply with the provisions thereof;

(l) The Operator shall have the right to use buses of a different type and capacity than those used on the permanent routes established by this Agreement, but if the experimental bus service is continued on a permanent basis, the Operator agrees to obtain delivery of, at the earliest possible date and use on such routes, buses similar to those defined in Section 5 of this Agreement.

18. The Town covenants and agrees that it will not permit any other operator, subject to the provisions of Section 3 hereof, to operate a bus service for the use of the public, within the corporate limits of the Town of Burlington, except any bus service operated by the Government of the Province of Ontario over which the Town has no control and will pass such by-laws and do all such acts and things as are necessary for the due performance of this Agreement, according to its true intent and meaning.

19. During the currency of this Agreement, the Operator shall not have the right to sell, mortgage, transfer, assign or dispose of any of the rights, powers and privileges herein conferred, without the

written consent of the Town, duly authorized by by-law in that behalf, which such consent shall not be unreasonably withheld.

20. The Town shall have the right at its option to purchase from the Operator at any time during the currency hereof the rights, powers and privileges herein conferred on him at such price as may mutually be agreed upon. It is understood and agreed that if at such time the Operator should wish to dispose of all or any of the buses employed by him in providing the bus service to the Town that the Town will in addition purchase such buses from the Operator.

21. The Operator shall not be in default on any covenants contained herein for failure or partial failure to operate, if such failure or partial failure is the result of fire, act of God, strike or other cause beyond the control of the Operator. In the event of such an occurrence, or the failure or partial failure to operate for any other reason, the Town shall not be liable to pay the Operator the equivalent portion of any of the payments which are or may be required under Sections 8(b) and 17 of this Agreement, pro-rated according to the extent of such failure.

22. If at any time during or after the said term of the Agreement any dispute, difference or question shall arise between the parties hereto, or any of their representatives, touching this Agreement or any part thereof, or the construction, or effect of this Agreement or any part thereof, or anything herein contained for the rights or liabilities of the parties or their representatives under this Agreement or otherwise, in relation to the premises including any dispute arising as to the sum to be paid by the Town under Section 20 hereof and if said matter cannot be settled by the parties hereto by negotiation, then every such dispute, difference or question shall be referred to a single arbitrator, if the parties agree upon one, otherwise, to three arbitrators, one to be appointed by each party to the reference and the third arbitrator to be appointed by the said nominees before they enter upon the business of the reference. If either party shall refuse or neglect to appoint an arbitrator within thirty days after the other party shall have appointed an arbitrator and shall have served written notice on the first-mentioned party requiring such party to make such appointment, then the arbitrator first appointed shall, at the request of the party appointing him, proceed to hear and determine the matter in difference as if he were a single arbitrator appointed by both parties for the purpose and the word or determination which shall be made by the said arbitrator shall be final and binding on the parties hereto, their successors and assigns.

23.—(a) Any notice required to be given or served on the Operator under any of the provisions of this Agreement shall be deemed to be properly given or served if it is personally served or mailed by prepaid registered post addressed to the Operator at 5401 Dundas Street, Burlington, Ontario and service upon the Operator shall be deemed to be effective on the date after mailing of the notice as aforesaid;

(b) Any notice required to be given or served on the Town under any of the provisions of this Agreement shall be deemed to be properly given or served if it is personally served or mailed by prepaid registered post addressed to the Clerk of the Town, Box 5013, Burlington, Ontario and service upon the Town shall be deemed to be effective on the date after mailing of the notice as aforesaid.

24. This Agreement shall not take effect unless and until confirmed and ratified by the Legislative Assembly of the Province of Ontario but, if so confirmed and ratified, the provisions hereof shall have effect from November 16th, 1970.

25. Subject as hereinbefore provided, this Agreement shall enure to the benefit of and be binding upon the parties hereto, their heirs, executors, administrators, successors and assigns.

IN WITNESS WHEREOF the Operator has hereunto set his hand and seal and the Corporation has hereunto caused its corporate seal to be attested by its proper officers in that behalf.
